## 3E 36 Tuckshop Mission Statement

### **Mission Statement**

Our mission is to provide a welcoming and inclusive environment for our College community, including students and staff, to enjoy appetising, nutritious and affordable food.

We are committed to offering a variety of fresh high-quality snacks, drinks and meals that cater to diverse tastes and dietary needs while delivering a friendly, efficient and personalised service to ensure a pleasant experience for every customer.

We commit to comply with and adhere to Food Safety, Workplace Health & Safety and health and hygiene practices, as set out under Queensland legislation.

We strive to be more than just a tuckshop; we aim to be a safe space for students and a respite for staff, where everyone feels valued.

### **Principles**

The Tuckshop Convenor is responsible for all tuckshop operations including training and supervising all tuckshop staff including permanent, casual and voluntary staff.

The Tuckshop Convenor is employed by the College under the supervision of the Business Services Manager and is accountable to the College Principal.

The Tuckshop Convenor and tuckshop staff must undertake appropriate food safety supervisor and safe food handling courses.

Guidance for food preparation can be found at:

[Healthy Food and Drink Supply Strategy for Queensland Schools](#)
