Mackay Christian College Extend Program

Enrolment Information

The Extend Programme aims to work together with parents to develop and extend each child's God-given academic abilities and we seek to encourage students to find ways to use such abilities to bring glory to God.

The beginning of wisdom is this: get wisdom. Though it cost you all you have, get understanding. Proverbs 4:7

The Extend Programme offers tutoring by a qualified teacher, Mrs Glenda Neaton, who has a Master's degree in Science, a Postgrad Certificate in Senior Mathematics, and many years' experience in a wide variety of subjects. Tutoring will be primarily available during school hours, although there are very limited spaces available before school, and during lunch hours. Tutoring is offered from Year 5 to Year 12, in all subjects except Senior Physics and Senior Chemistry.
