

KING'S PARK

virtual EXPO

SUBJECT SELECTION FOR 2023

NOW ONLINE

MCC has launched the 2023 King's Park Campus Virtual Expo for our current Year 7 students - going to Year 8 in 2023, Year 9 students - going into Year 10 in 2023 and Year 10 students - going into Year 11 in 2023.

You will now be able to access the 2023 Subject Selection booklets, view the video presentation related to subject choices for 2023 and view subject-specific videos and photo galleries.

The Subject Selection 2023 video presentation outlines the process of completing and submitting elective choices online through web preferences.

We encourage you to make time over the next week to sit down together to discuss subject choices for the elective subjects and then submit your initial selection of elective subjects in order of preference. Please note, students are allowed to make up to three changes to initial preferences.

The final date for submitting web preferences for elective subjects for Year 8, Year 10 and Year 11 students in 2023 is Friday 22nd July.

If, for some reason, students would like to make changes after this date, they can email Mrs Moohin (hmoohin@mccmky.qld.edu.au) as they have until the second week of Term 1, 2023, to make any changes.

The current Year 10 students, going into Year 11 in 2023, have until Friday 11th November to make any changes.

We will do our best to allocate elective subjects to students based on student preferences, but this allocation will be dependent on subject availability as places are limited.

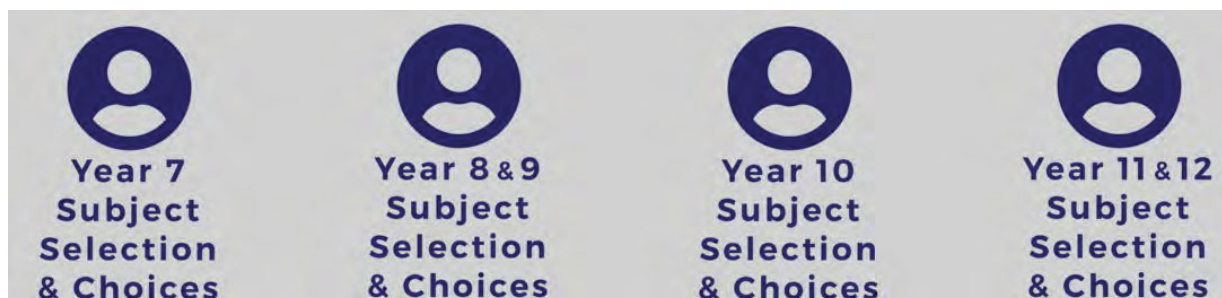

Please find the information included, which will help you to navigate the King's Park Campus Virtual Expo.

NAVIGATING KING'S PARK *virtual* EXPO

SUBJECT SELECTION FOR 2023

1. Click on the link, <https://mcc.qld.edu.au/kings-park-virtual-expo/>
This will take you to the College website.
2. Select the Year level relevant to you in 2023

3. View the video presentation

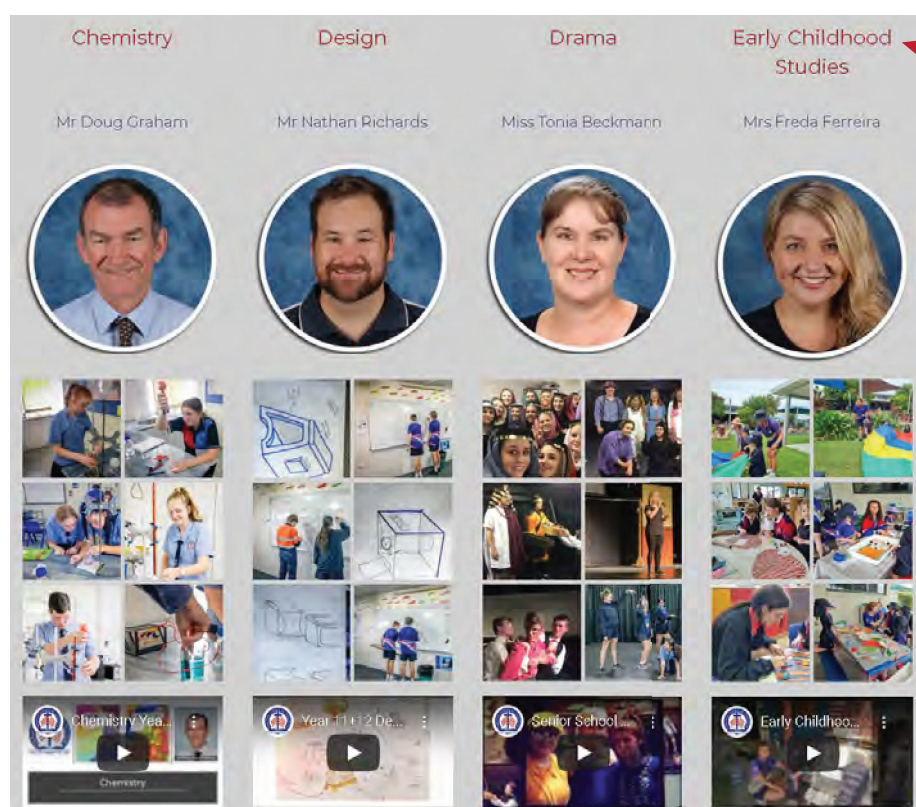

The presentation contains:

- General information about the subjects offered at MCC in 2023.
- The process of completing and submitting elective choices online through web preferences.

4. Read the subject selection book by clicking on the icon below,

5. Scroll down the web page to view photo galleries and videos for each individual elective subject.

Click on subject name to access information from the subject selection book.

Click on a photo to view the expanded photo gallery.

view a video presentation related to the subject.
