

CLEAR

CLEAR is our values-based subject which supports our College values which are: Christlikeness, Learning, Excellence, Attitude and Respect.

At Mackay Christian College we are passionate about helping students grow to become all that God wants them to be.

The program has been developed with an embedded Christian world view with a focus on fostering a student's academic, spiritual, character and emotional development.

In Year 10 CLEAR, students are given the opportunity to engage in a range of different types of activities that help them to develop social-emotional skills (confidence, persistence, organisation, resilience and getting along).

Research indicates that these five SELs are essential keys for success and personal well-being. A goal of the course is for students to become confident, empathetic student leaders.

During CLEAR, students will also develop their own SET (Senior Education and Training) plan.

This helps students to:

- structure their learning around their own abilities, interests and ambitions
- think about their education, training and career options after Year 12
- set and achieve learning goals in Years 11 and 12, and beyond
- include flexible and coordinated pathway options in their course of senior study
- communicate with their parents/carers, or college staff about their post-school plans.
