

MATHEMATICS

Students will be placed in Mathematics classes based upon their Year 9 Mathematics results. Year 10 Mathematics courses are given the relevant preparatory name to match Senior syllabuses.

The four Year 10 Mathematics courses are:

Mathematics: Extension

This course will provide an in-depth coverage of curriculum and also provide opportunities for extension work that is described in the optional content. This is suited for students considering Mathematical Methods and/or Specialist Mathematics in Years 11 and 12 and will also provide a good foundation for the study of General Mathematics in Years 11 and 12.

Mathematics:

Curriculum level Year 10 Mathematics aims to cover Year 10 content with an emphasis on preparing students for General Mathematics for Senior School.

Mathematics: Essentials

A more foundational approach to Year 10 Mathematics is covered in this course, with an emphasis on preparing students for Essential Mathematics in Years 11 and 12.

Numeracy Short Course:

The Numeracy Short Course is offered to Year 10 students who have struggled to succeed with the academic rigor of the Mathematics learning area of the Year 7-9 Australian Curriculum. Students who achieve a C or better overall result in the Numeracy Short Course, will earn 1 QCE (Queensland Certificate of Education) credit for their Senior schooling in Years 11 and 12.
