

INFORMATION COMMUNICATION TECHNOLOGY

The subject Information and Communication Technology (ICT) focuses on the knowledge, understanding and skills related to engagement with information and communication technology through contexts derived from work, study and leisure environments of today.

Across business, industry, government, education and leisure sectors, rapidly changing ICT practices and protocols create corresponding vocational opportunities.

To enable students to take advantage of these opportunities, this subject area will equip them with:

- Knowledge of current and emerging hardware and software combinations
- An understanding of how to apply them in real-world contexts and
- The skills to use them to solve technical and/or creative problems.

More specifically the subject will focus on these units:

- Graphic Design
- Photography and image manipulation
- Video production
- Special Effects
- Privacy in a digital world
- Desktop publishing

Through these units students will explore concepts and develop understanding and skills relating to:

- Digital imaging and modelling
- Document production
- Data management
- Animation
- Audio and video production
- Online communication

Career Opportunities:

- Digital Media Support
- Graphic Designer
- Photographer
- Digital Content Manager
- Office Administration
- Sales Support
- Digital Content Creator
- Marketing and Advertising
